Nava Case Studies

Hey guys, here are 2-3 case studies from most of my staff, these aren't necessarily success stories, just interesting cases worth examining/sharing, that said these will likely need some optimistic revisions with pink glasses / slight exaggerations to be used in a marketing campaign so feel free to reword/rewrite these stories as you see fit to effectively be used in marketing.
Just in marketing please avoid using any candidates last names/personal details, and please avoid using the exact name of the client/facility name or (if remote) the exact town as this as well can give away our clients.
Aside from that feel free to take these details and turn them into beautiful success stories.

Charlotte:

Case Study 1:

Elizabeth "Libby" Pennington's experience with Nava Healthcare Recruitment exemplifies the personalized and attentive service that sets this agency apart in the healthcare staffing industry. As a candidate for a Dental Hygienist position in Greenville, SC, Libby's journey with Nava began on June 25, 2024, when her application was submitted. Just over a month later, on August 6, 2024, she started her full-time role—a testament to the efficiency and effectiveness of Nava's recruitment process.

From the outset, Nava Healthcare demonstrated a commitment to Libby's needs as a candidate. The agency worked closely with her and the client to tailor a schedule and compensation package that allowed her to thrive in a full-time capacity. This level of customization highlights Nava's dedication to ensuring a good fit for both the candidate and the employer, fostering long-term satisfaction. Libby's seamless transition into her role underscores the agency's ability to match highly capable professionals with opportunities that align with their goals.

Libby herself has been an exemplary candidate—responsive, professional, and, by all accounts, a delight to work with. Her positive demeanor likely made her an ideal match for Nava's client, and the agency's recognition of her strengths ensured a successful placement. Beyond the logistics of job placement, Nava's team showed genuine care for Libby's well-being. When Hurricane Helene struck the Greenville area in late September 2024, Nava reached out to check on her safety. While Libby and her household lost power, she was fortunately unharmed, and this thoughtful follow-up reflects the agency's human-centered approach.

As of March 25, 2025, Libby remains happily employed in her role, a strong indicator of Nava Healthcare's ability to deliver lasting results. For candidates like Libby, Nava offers not just a job, but a supportive partnership that prioritizes their success and peace of mind. Based on her experience, Nava Healthcare Recruitment earns high marks for responsiveness, personalized service, and a candidate-first mentality—making it an excellent choice for healthcare professionals seeking their next opportunity.

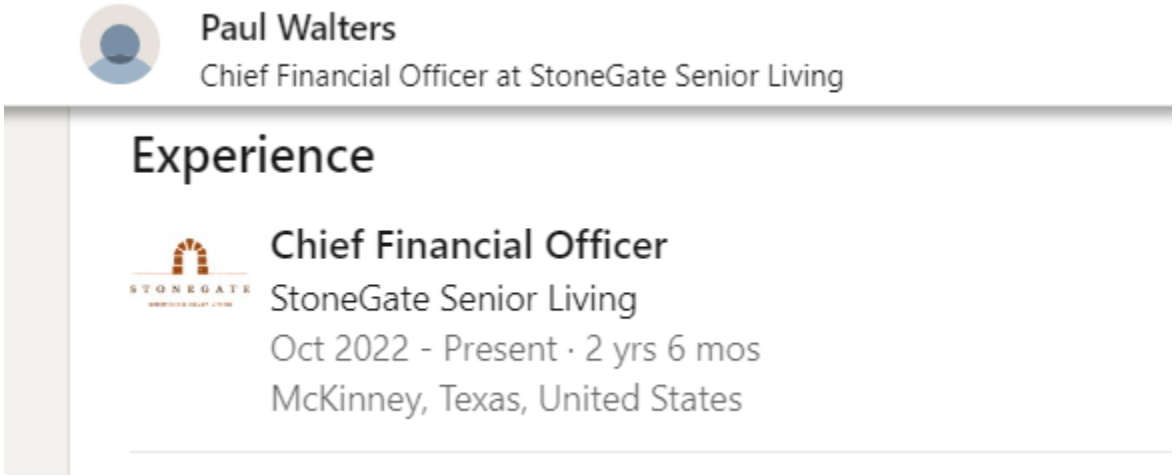
Case Study 2:

Paul Walters' journey to becoming the Chief Financial Officer at StoneGate Senior Living highlights Nava Healthcare Recruitment's expertise in placing top talent in senior-level healthcare roles. His recruitment process began in the summer of 2022 when Nava submitted his application for the CFO position. Within a couple of months, Paul stepped into this critical leadership role, demonstrating Nava's ability to efficiently connect skilled professionals with impactful opportunities.

Nava Healthcare worked closely with Paul and StoneGate Senior Living to ensure a seamless fit, aligning his extensive financial expertise with the organization's strategic goals. Paul brought a wealth of experience in healthcare finance to the table, making him an excellent candidate for this high-level placement. Nava's tailored approach smoothed the transition, setting Paul up to contribute meaningfully from the start. Their involvement didn't end with the placement—they provided ongoing support to help him settle into the role.

Paul's tenure as CFO marked a significant achievement for Nava, showcasing their capability to handle executive-level placements with precision. His financial leadership bolstered StoneGate's operations, reflecting the lasting value of Nava's recruitment process. For professionals like Paul Walters seeking high-impact roles, Nava Healthcare Recruitment offers a personalized and effective path to success in the healthcare industry.

NOTE: I tried reaching out to Paul to confirm is he's still with Stonegate (though his LI profile says he is). Will keep you posted once I hear back.



Case Study 3:

Greg Perez's placement as Maintenance Director at Arabella Health and Wellness of Grand Bay highlights Nava Healthcare Recruitment's ability to match seasoned professionals with roles that leverage their expertise. With five years of maintenance experience in skilled nursing facilities (SNFs), Greg was a standout candidate when Nava submitted his application in early February 2025. After an in-person interview the next day, he accepted an offer within a week and started later that month—a rapid process that underscores Nava's efficiency.

Nava Healthcare worked closely with Greg and the client to ensure a perfect fit. The hiring team at Arabella quickly saw his value, and the regional director, Greg Miller, received his details with enthusiasm, signaling strong support for the placement. Nava capitalized on Greg Perez's extensive SNF background—ideal for managing maintenance during a busy construction period—to secure the role. Their guidance continued post-offer, helping him step confidently into his new position.

As of March 25, 2025, Greg Perez is thriving as Maintenance Director. A recent check-in confirmed he's doing great, with ongoing construction keeping him engaged—a testament to Nava's skill in placing candidates where their experience shines. For professionals like Greg Perez, Nava Healthcare Recruitment offers a tailored, effective path to rewarding roles in healthcare settings.

Allan:

Case Study #1

Candidate Name: Dolly Handley
Position: RN MDS Coordinator/Regional MDS Coordinator
Client: Arabella Healthcare Management
Location: Bessemer, AL
Candidate Experience Summary:
Working with Nava Healthcare Recruitment has been a seamless and professional experience. Dolly Handley, an exceptional candidate for the RN MDS Coordinator position, demonstrated strong qualifications and responsiveness throughout the hiring process.
The team efficiently coordinated all interview schedules with the Arabella team, ensuring a smooth and timely process. Dolly's expertise and outstanding skills were recognized during the hiring process, leading to an upgrade of the originally offered position to a regional role—a testament to her capabilities and the recruitment team's ability to match highly qualified candidates with the right opportunities.

Case Study #2

Candidate Name: Amanda Cooper
Position: DON
Client: Aspire Regional Partners
Location: Sidney, OH
Candidate Experience Summary:
Amanda Cooper was initially submitted for a facility in Springfield, OH; however, the client expressed interest in interviewing her for a different location. The team successfully engaged with Amanda, presenting the opportunity in Sidney, OH, and convincing her to consider the alternative role. Ultimately, she accepted the position and was hired for that location.
Sixty days post-hire, Amanda is thriving in her role, and the client is highly satisfied with her performance. The client remarked, "Everything is on track, and she's doing fabulously," reflecting both Amanda's success and Nava Healthcare Recruitment's ability to place candidates in well-suited positions.

Case Study #3
Candidate Name: Dr. Marsha Charles-Pierre
Position: Physiatrist
Client: CitiMed NY
Location: New York
Candidate Experience Summary:
This position was particularly challenging to fill due to the specific job requirements and the demanding nature of the responsibilities. Additionally, the travel requirement posed a significant concern, leading to extensive discussions with Dr. Charles-Pierre.
The recruiter demonstrated exceptional dedication by maintaining continuous communication with the candidate for over a month. Their persistence and ability to address concerns effectively ultimately convinced Dr. Charles-Pierre to accept the opportunity. This resulted in the candidate receiving an offer and successfully joining CitiMed NY.

Carlvin:

Case Study #1

A highlight that I'd personally love to share, would definitely by my first ever Nava placement. This was also my first ever placement as a Talent Acquisition Specialist with Nava Healthcare Recruitment.

The Candidate's name is Ravinia Tagay. I got into contact with Riv for the Accounts Receivable Supervisor role that we had open at the time in Chicago, IL.

It was a massive milestone for me as this was my first ever successful placement under Nava.

Recruitment process was smooth all through out. From our initial conversation over the phone when I discussed the opportunity and answered Riv's questions about the team to our call to discuss the job offer details.

It was at a point, a little rocky as Riv had received another offer from a different team for a higher base pay. In the end she chose to go with our offer instead as she was more at ease speaking with our team.

I still remember the late night weekend when Riv called my number and shared that she had received another offer but was unsure if she would still be going with ours. We spent about half an hour discussing pay and benefits but at the end of our conversation, we were able to come up with a rate that would be acceptable to her and I presented it to the team that following Monday.

The amount was approved by the team and Riv ended up singing the job offer to join Aloft.

I reached out to Riv a year after her official start date and I was elated to hear that she was still with the company and was enjoying working with the team.

We endorsed her resume and details to Aloft Healthcare 9/05/2025 and Riv's official day one was on 9/27/2023 as there was some negotiation for her pay rate but it all turned out well in the end.

Case Study #2

Another story I'd like to share was the recruitment process for Wing Yin Lam,

One of our CMA placements in Greer, SC for New Horizon Family Health Services.

It was initially a pretty typical interview. We discussed her credentials, prior work experience and expected pay rate among other interview line items.

Around the halfway point of our conversation, as I was sharing the facility address. Wing mentioned that she very recently moved to South Carolina from Washington so she's pretty unfamiliar with the location. We had New Horizon's full address so this was pretty easy to share and a quick peek at the google street view allowed us to share easily noticeable landmarks.

This was when I shared with her that I did quite a bit of hiring in South Carolina around 2019. I told her about affordable restaurants and cafes that I'd frequent with workmates before and after shift.

Also talked about the community cats that our team was taking care of around the old Winn Dixie beside our office. I believe Wing was also my first Nava placement in 2024 and from our last (January 2025) chat, she was still working with New Horizon.

Art:

Case Study #1

Case Study: Dr. Linda Stanley – OB/GYN Candidate for Complete Care Medical Professionals – Vineland/Bridgeton, NJ
Candidate Overview:
● Name: Dr. Linda Stanley
● Current Location: Cherry Hill, NJ
● Willing to Relocate: No
● OB/GYN Experience: 42 years
● Current Salary: $250,000
● Salary Expectation: $250,000 - $340,000 (negotiable)
● Availability to Start: Second week of January 2025

Interview Availability:
● Onsite Interview: Thursday (December 19, 2024) and Friday (December 20, 2024) between 11:00 AM - 3:00 PM

Candidate Background:
Dr. Linda Stanley is a seasoned OB/GYN with 42 years of experience in the field, now looking for a new opportunity that offers both professional fulfillment and flexibility. Currently, Dr. Stanley is working as a scientist with a focus on designing hospital protocols, food, and medicine for managing pre-diabetes and other common medical conditions. While she values the significant flexibility her current role offers, Dr. Stanley is eager to re-enter the medical field and return to her roots in OB/GYN practice.
Although Dr. Stanley is not currently seeking to leave her scientist position, she is open to a transition back into OB/GYN work, especially in an environment where she can contribute her vast experience. She is aware of the salary budget for the position at Complete Care Medical Professionals and is looking forward to discussing this further during the interview. Her salary expectations fall within a range of $250,000 to $340,000, with room for negotiation.
Dr. Stanley is open to a long-term contract if the interview process goes well, and she has expressed a strong interest in returning to a practice that allows her to leverage her decades of

surgical expertise. While she does not perform circumcisions, she is comfortable with all other OB/GYN surgeries. Dr. Stanley's ability to perform thousands of OB surgeries over the course of her career makes her a highly qualified candidate for the position.
Dr. Stanley is known for her assertiveness, calm demeanor, bubbly personality, and soft-spoken communication skills, which make her an excellent fit for patient-facing roles in OB/GYN.

Previous Professional Roles:
1. Scientist – Associates in Preventative Medicine, Marlton, NJ
○ Dates: May 2023 – Present
○ Role Overview: In this role, Dr. Stanley is focused on designing protocols related to food and medicine for pre-diabetes and other common disorders. While this position offers significant flexibility, Dr. Stanley is still eager to return to the medical field, particularly in OB/GYN.

2. OB/GYN – TRU OB/GYN and BIRTH CENTER, Lakewood, NJ
○ Dates: July 2024 – August 2024
○ Reason for Leaving: Dr. Stanley's temporary contract ended when the owner of the practice needed time to recover, leading her to seek new opportunities.
3. Part-Time GYN Clinical – OCEAN HEALTH INITIATIVES, LLC, Lakewood and Toms River, NJ
○ Dates: 2022 – 2023
○ Reason for Leaving: Dr. Stanley left this role after the department was shutting down and she was seeking a better environment and new opportunities for professional growth.

4. OB/GYN – GENESIS RECOVERY GROUP
○ Dates: 2020 – 2021
○ Reason for Leaving: Dr. Stanley worked exclusively during the pandemic while recovering from Lyme disease and shoulder surgery. Both health conditions have been fully resolved, and she is now cleared to return to full-time practice.

Key Highlights:
● Extensive Experience: Dr. Stanley has 42 years of experience in OB/GYN, with a proven track record of performing thousands of OB surgeries. Her comprehensive knowledge in the field has equipped her with a diverse skill set and a high level of proficiency in OB/GYN care.
● Current Role: Although Dr. Stanley is currently working as a scientist, she is eager to return to OB/GYN practice. Her role in developing hospital protocols and addressing pre-diabetes and other disorders showcases her dedication to health improvement and patient care.
● Personality Traits: Dr. Stanley is known for her assertive, calm, and bubbly demeanor, which has earned her a reputation as a compassionate and effective communicator. Her soft-spoken communication style enables her to build strong relationships with both patients and colleagues.
● Flexibility: Dr. Stanley is highly flexible with her schedule, and while she is not currently seeking relocation, she is open to considering opportunities that align with her professional goals and personal needs.

Conclusion:
Dr. Linda Stanley is a highly experienced and skilled OB/GYN with a strong background in both

clinical and scientific work. Her 42 years of practice make her a seasoned candidate who can offer immense value to Complete Care Medical Professionals. Despite currently working as a scientist, she is passionate about returning to her medical roots and is looking for a flexible, long-term opportunity. Dr. Stanley's leadership abilities, combined with her deep expertise in OB/GYN surgeries and patient care, make her an ideal fit for the practice. She is excited to further discuss the role and salary expectations during the interview process and looks forward to potentially signing a long-term contract if the opportunity aligns with her goals.

Recent Update:
Despite being a strong candidate for the OB/GYN role, the search for a permanent candidate at Complete Care Medical has been put on hold due to budget restrictions. The hiring team is now exploring alternative options and is considering support from the Nava Healthcare Recruitment Team.

Case Study #2

Case Study: Sylvia Grant – RN MDS Coordinator Candidate for Aspire – Blue Palms of Deland, FL
Candidate Overview:
● Name: Sylvia Grant
● Current Location: Longwood, FL 32779
● Willing to Relocate: No
● SNF (Skilled Nursing Facility) Experience: 5 years
● RN MDS Experience: 4 years
● Medicaid Pending Experience: Yes
● Accounts Receivable Experience: Yes
● Can Pass Level 2 Background Check: Confident Yes
● Current Salary: $89,000/year
● Salary Expectation: $89,000/year
● Availability to Start: Immediately

Interview Availability:
● Onsite Interview: Thursday, October 10, 2024, between 11:00 AM - 5:00 PM

Candidate Background:
Sylvia Grant is a registered nurse with 4 years of experience as an RN MDS Coordinator and a total of 5 years of experience working in skilled nursing facilities (SNFs). Currently located in Longwood, FL, Sylvia is seeking a full-time RN MDS position with Aspire at Blue Palms of Deland, FL. Sylvia has a solid background in Medicaid Pending and accounts receivable processes, and she is confident in her ability to pass a Level 2 background check.

Sylvia is currently earning $89,000 per year and is looking for an opportunity that offers permanent, full-time employment. She is not willing to take a pay cut from her current salary but

is open to negotiating a compensation package that includes a base pay of $89,000/year, with the possibility of a guaranteed bonus structure or sign-on bonus to make up for any difference. Sylvia is flexible with her schedule and is particularly interested in opportunities that offer a hybrid work setup, where she would be open to negotiating between $85,000 to $89,000/year. In addition, Sylvia is in the process of reinstating her Florida RN license and expects to be fully cleared within the week. Her previous roles have allowed her to demonstrate assertiveness, confidence, and excellent communication skills. She is known for her calm demeanor and soft-spoken yet effective approach to leadership and communication.

Previous Professional Roles:

1. RN-Lead MDS Coordinator – Aspire at Lake Mary, Lake Mary, FL
   - Dates: 2023 to 2024
   - Reason for Leaving: Sylvia left due to the end of her contract.
2. RN-MDS Coordinator – ProMedica/Genesis Accelerate, Lakewood, CO
   - Dates: 2022 to 2023
   - Reason for Leaving: The facility was acquired by Genesis Healthcare and later sold to another company, prompting Sylvia to seek new opportunities.

3. RN-Assessor – LTCG, Eden Prairie, MN
   - Dates: 2019 to 2022
   - Reason for Leaving: Sylvia left to seek a better opportunity and move closer to home.

Key Highlights:

- Extensive MDS and SNF Experience: Sylvia brings 4 years of specialized experience as an RN MDS Coordinator, as well as 5 years working in skilled nursing facilities, making her highly qualified for the position at Blue Palms of Deland.
- Salary Expectations: Sylvia is open to negotiation within a salary range of $85,000 to $89,000/year, particularly if the role offers the flexibility of a hybrid setup. She is

confident in her value and expects a compensation package that matches her experience and qualifications.

- License Reinstatement: Sylvia is in the process of reinstating her Florida RN license, with an expected clearance within the week, ensuring she will be fully eligible to take on the role soon.
- Soft Skills: Sylvia is known for her confidence, assertiveness, calm demeanor, and strong communication skills, making her well-suited for both patient care and team collaboration in the role of RN MDS Coordinator.
- Flexibility: Sylvia is flexible with her schedule and is ready to start immediately, provided the terms of the job meet her salary and compensation expectations.

Conclusion:

Sylvia Grant is a highly qualified RN MDS Coordinator with 4 years of specialized experience and a total of 5 years working in skilled nursing facilities. She brings a deep understanding of Medicaid Pending, accounts receivable, and MDS processes, along with a proven track record

of success in similar roles. Sylvia is looking for a permanent, full-time position that offers both flexibility and the opportunity to continue her professional growth.
Her salary expectations are aligned with her current compensation, and she is willing to negotiate a flexible package with a base salary and potential bonus structure to match her current pay. Additionally, her pending Florida RN license reinstatement will not delay her ability to start in the role.
Sylvia's confidence, assertiveness, and calm demeanor, along with her excellent communication skills, make her a strong candidate for the RN MDS Coordinator position at Aspire at Blue Palms of Deland, FL. She is eager to return to full-time employment and is flexible to discuss any further details regarding the role.

Recent Update:
Despite initially confirming her start date, Sylvia unexpectedly withdrew from consideration and informed the team that she accepted another interim MDS position. As a result, the search for a permanent candidate for the RN MDS Coordinator role at Aspire has restarted. The hiring team is now exploring alternative options considering support from Nava Healthcare Recruitment Team,

Case Study #3

Case Study: Dr. Albert Pearsall IV – Orthopedic Surgeon Candidate for West Virginia University - Garrett Regional Medical Center - Oakland, MD
Candidate Overview:
● Name: Dr. Albert Pearsall IV
● Current Location: Daphne, Alabama
● Willing to Relocate: Yes
● Orthopedic Surgeon Experience: 25 years
● Current Salary: $600,000 to $800,000 (50-70% MGMA)
● Salary Expectation: $500,000 - $650,000 (negotiable)
● Availability to Start: Immediately

Interview Availability:
● Virtual Interview: January 6 (Monday) to January 10, 2025 (Friday) between 8:00 AM - 5:00 PM
● Onsite Interview: January 13 (Monday) to January 17, 2025 (Friday) between 10:00 AM - 3:00 PM

Candidate Background:
Dr. Albert Pearsall IV is an experienced orthopedic surgeon with 25 years of practice, seeking a new and improved opportunity at West Virginia University - Garrett Regional Medical Center in Oakland, MD. Dr. Pearsall's impressive career spans several prestigious roles, including 24 years at the University of South Alabama, where he was a vital member of the medical staff. Despite his initial intent to remain at the University of South Alabama, he faced unforeseen

medical challenges requiring a liver transplant, which led to his hiatus from the workforce. Dr. Pearsall is currently not working but is eager to return to practice. He has already accepted an offer from the Memphis Veterans Administration but was unfortunately forced to leave due to financial difficulties at the facility. His flexibility with relocation and work schedule allows him to consider new opportunities and make a seamless transition into his next role.

Key Experience and Expertise:
● Surgical Experience: During his career, Dr. Pearsall consistently performed 400 to 450 surgeries annually. However, his role at the VA had a limit of 4 to 5 cases per day, which differs from the volume he is accustomed to.
● Specializations: While he does not perform total hip replacements, Dr. Pearsall has a wealth of experience in treating hip trauma and has worked with professional athletes across various sports, including:
○ Dallas Cowboys (NFL)
○ Bahrain Professional Sports Teams
○ European Basketball League

His background working with elite athletes has provided him with a distinct perspective on orthopedic care, particularly in high-demand, high-performance environments. Dr. Pearsall is excited to share his extensive experiences from these roles in an interview setting.
Personal and Professional Highlights:
● Liver Transplant Recovery: In 2021, Dr. Pearsall underwent a successful liver transplant and was out of work until March 2023. He has now been fully cleared to return to active practice.
● Future Plans: Dr. Pearsall is looking for an opportunity that offers a long-term career path, particularly in an academic setting affiliated with a university. He plans to continue practicing for another 8 to 10 years and has no immediate plans for retirement.
● Personality: Dr. Pearsall is known for his assertiveness, calm demeanor, and bubbly personality. His communication style is soft-spoken yet highly effective, making him an ideal candidate for building strong patient relationships.

Previous Professional Roles:
1. Orthopedic Surgeon – Memphis Veterans Administration
○ Dates: March 2023 – November 2024

○ Reason for Leaving: Dr. Pearsall left the position due to financial issues at the Montgomery County, MD facility, which prompted him to seek alternative opportunities.

2. Out of Work Due to Liver Transplant
○ Dates: January 2021 – March 2023
○ Details: Dr. Pearsall took time off from his practice to recover from a liver transplant, during which he successfully underwent surgery and has since been cleared to return to work.

3. Orthopedic Surgeon – University of South Alabama
○ Dates: August 1997 – January 2021
○ Reason for Leaving: Dr. Pearsall left his position to address medical concerns that required surgery, marking the end of a distinguished 24-year career with the university.

Conclusion:
Dr. Albert Pearsall IV presents as a highly experienced orthopedic surgeon with a rich background working with athletes and in academic settings. His desire to return to a university-affiliated position aligns perfectly with the opportunity at West Virginia University - Garrett Regional Medical Center. With 25 years of experience, a wealth of surgical expertise, and a clear commitment to long-term career goals, Dr. Pearsall is a strong candidate poised to contribute significantly to any orthopedic program he joins. His flexible schedule and willingness to relocate further enhance his suitability for the role, making him a valuable asset to the medical community in Oakland, MD.

o 16% below the national average for RNs (Source: Indeed)
Industry-Specific Insights:
o RN salaries in skilled nursing facilities tend to be on the lower end compared to hospitals and specialty clinics.
o Compensation trends in Birmingham reflect the demand and budget structures of nursing homes, which typically offer lower salaries than acute care settings.

Salary Range: Based on sample job portals comparison
Indeed: $36.63 per hour, equating to approximately $76,190 annually. Job Search | Indeed
Glassdoor: $96,205 per year. Glassdoor

ZipRecruiter: $39.60 per hour, approximately $82,368 annually, with most salaries ranging between
$61,401 and $97,510. ZipRecruiter
Salary.com: $101,414 per year. Salary.com+2

Recruitment Timeline & Success Metrics
March 5, 2025: Began sourcing for the position
Total Sourced Candidates: 70 qualified leads

Indeed Outreach: 15 direct messages sent
Candidate Engagements: 7 successful connects
Successful Submissions: 2 candidates submitted on 3/12/2025
Interview Process:
o 1 candidate progressed further and was invited for a 2nd interview on 3/25/2025

Success Rate Calculation
Candidate Conversion Rate: 2 out of 70 leads = 2.86%
Engagement to Submission Rate: 2 out of 7 connects = 28.6%
Finalist Rate: 1 out of 2 submitted candidates = 50%
Overall Success Rate for the Position: 1.43% (1 hire out of 70 leads)

Key Factors Contributing to Success
1. Candidate's Strong Performance Elevated the Opportunity
Originally sourced for an RN position, but due to exceptional experience, eagerness, and strong interview performance, the candidate was selected for a 2nd interview for a Unit Manager/Charge Nurse position.
This shift demonstrates the value of identifying high-potential talent and offering growth opportunities beyond the initial role.
2. Building Strong Candidate Rapport
Frequent follow-ups and personalized discussions ensured trust and transparency.
Addressed Brian Hathaway's career growth concerns by presenting potential advancement to leadership roles.
Discussing benefits, work-life balance, and team dynamics increased candidate commitment.
3. Competitive Career Advancement Options
Candidate Brian Hathaway was particularly motivated by the leadership pathway options at Arabella Health & Wellness.
Providing clear details on professional growth and leadership development programs helped him stay engaged through multiple interview stages.
4. Localized Talent Acquisition Approach
Candidate Location: Brian Hathaway, Pinson, AL (20–30 minutes from the facility).

Ease of commute and familiarity with the Birmingham healthcare market made the opportunity more attractive.

Selected Candidate: Brian Hathaway
Location: Pinson, AL (20–30 minutes from Birmingham, AL)
Facility: Arabella Health & Wellness, Birmingham, AL
Status: Completed first interview, re-invited for a 2nd interview on 3/25/2025
Potential Role: Unit Manager or Charge Nurse (originally an RN opening)

Highlights:
Brian Hathaway's eagerness and strong interview performance resulted in an upgraded opportunity,
demonstrating the impact of recognizing top talent and fostering career progression. Building rapport
and trust played a significant role, contributing to the success of hiring for the position.

Case Study #2

Case Study: Director of Nursing (DON) Position in Amesbury, MA
